tall tales and a short history in palm beach county and the treasure coast most of the recorded history occurs in one century 1900 to 2000 before the late 1800s only indians and soldiers roamed the hostile wilderness south of sebastian inlet the u s census of 1830 recorded just 517 people in all of south florida and the map makers showed lake okeechobee as a tiny dot nobody dared go down into that beast filled swamp to check it out but slowly the civilized world made its way to this wonderland the jupiter lighthouse began beaming in 1860 15 years after florida became the 27th state in the union by 1876 the u s government had built nine

houses of refuge for mariners including Gilbert's bar on Hutchinson Island and Orange Grove in Delray Beach. Gilbert's bar is still standing, the oldest building in Martin County that lured the pioneers here. Why did they spend harrowing days and nights sailing and poling through narrows and swamps to get to this insect-infested jungle? Simple: true grit and true beauty. As Captain Bravo, who sailed a steamer from Sebastian to Jupiter in the late 1880s, would tell visitors: see Lake Worth and die happy. When Henry Flagler arrived in 1893, he called the Lake Worth region a veritable paradise. And then he had a vision: he would bring his railroad all the way down to Miami, even as far as Key West, and he would turn Palm Beach into the most magnificent resort in the world. The standard oil tycoon launched the 20th century in the Treasure Coast and Palm Beach County, but he was not the most important person of the century. That title goes to the millions of men and women, great and small, who developed a frontier into a place so desirable that today's greatest problem is what to do with all the people our century honors them and highlights. Major events of the past 100 years: dust jacket flap.

Palm Beach is known internationally as a winter resort where the wealthy enjoy life in a tropical paradise. More than 100 years ago, Palm Beach was far different from its well-kept beaches, estates, and fabulous Worth Avenue shopping mecca of the 21st century. When the first permanent settlers arrived, they found the area covered by thick jungle that had to be tamed before they could carve out a new life for themselves. The settlers ended up with a paradise. And when Henry Flagler decided to build a grand hotel in Palm Beach, he planted the first seed for the creation of a modern winter retreat for the rich.

West Palm Beach was established in 1894, two decades after pioneers first arrived in the wilderness at Lake Worth. In 1893, Henry M. Flagler, standard oil magnate and Florida railroad mogul, finalized plans to extend his Florida East Coast Railroad south in order to turn Palm Beach into a winter playground for the rich. He designed West Palm Beach as the mainland commercial and residential support for his new resort. From its humble beginnings, it has become Palm Beach County's largest city and the seat of government. The city has suffered fires, hurricanes, boom times, and hard times, always emerging triumphantly. This installment of West Palm Beach's fascinating story shares its unique settlement and growth through the end of World War II.

Inviting beaches, scenic vistas, magnificent architecture, and a fascinating history have made Palm Beach one of America's premier tourist destinations. Beginning with Henry Flagler's construction of railroads and the Royal Poinciana and the Breakers luxury hotels in the late 1800s, the county has been a beacon for vacationers seeking escape from everyday life and winter weather for more than one hundred years. With a selection of fine historic images from his best-selling book, *Historic Photos of Palm Beach County*, Seth H. Bramson provides a valuable and revealing historical retrospective on the growth and development of the area.
